Retracted: Anterior spring cantilever fixed partial denture: a simple solution to a complex prosthodontic dilemma

The following article from the International Journal of Dental Clinics, “Anterior spring cantilever fixed partial denture: a simple solution to a complex prosthodontic dilemma,” by Kumar P, Puranik SN, published online on 30 September 2010 in www.intjdc.org and subsequently on www.intjdc.com, has been retracted by agreement between the authors; the journal’s Editor in Chief and Celesta Publishing. The retraction has been agreed due to the inappropriate use of previously published work of Shenoy K, Sajjad A. Anterior loop connector fixed partial denture: A simple solution to a complex prosthodontic dilemma. Journal of Indian Prosthodontic Society. 2008;8(3).
